A Newsletter for Friends and Clients

March 2025

Happy Spring!

This time of year always feels amazing. More sunshine, the first flower blooms, and time spent just sitting outside enjoying the evening. We are ready for all of it!

We've had a fun winter season. From Medicare annual enrollment to the holidays, multiple winter storms (including over 12 inches of snow!), and the annual Home & Garden show, we've stayed busy. (We've also done some awesome updates to our social media so make sure you're following us on Facebook or Instagram.)

If you're anything like us, spring is also about spring cleaning. We've already done the annual kids' clothes clean out and worked on the garage. But what about spring cleaning your insurance? If you haven't reviewed your coverage in a while, now is a great time! Life changes like a young driver, retirement, or a job change may require different coverage. But it's easy to forget when things get busy! Send us a text or email if any of these apply to you so we can set up a review. And don't forget about insuring those boats, ATVs, RVs and motorcycles. You'll be ready to use them in no time!

Bella's Family Vacation

By Bella Sharp

Creating a newsletter is one idea you can play around with. It helps you stay in the loop with the personal and professional lives of your immediate family members, even up to your distant relatives. In a few pages, everyone can find out about recent achievements and life updates. Plus, you'll have documentation of all milestones. Celebrate and empathize no matter how far you are from each other. It's also a good way to keep track of upcoming birthdays, anniversaries, and special events. Newsletters can be a fun project for everyone.
